Introduced: February 9, 2023
Status: Referred to House Committee on Ways and Means

Staff Recommendation: Watch

RECOMMENDATION

That the Insurance, Benefits and Legislative Committee recommend that the Board of Retirement adopt a “Watch” position on H.R. 957, which would enact the “Public Safety Retirees Healthcare Protection Act of 2023.”

LEGISLATIVE POLICY STANDARD

Although H.R. 957 amends the Internal Revenue Code, the amendment affects individual taxpayers rather than LACERA as a qualified plan. It is not consistent with any of the Board of Retirement’s (BOR) legislative policy standards that would entail support or opposition. A “Watch” position indicates that although the proposal is not based on a law that covers LACERA, the proposal may be of interest or concern to the BOR and its stakeholders and that the BOR in the future may take a substantive position on the matter (Legislative Policy, page 9).

SUMMARY

Eligible retired public safety officers may exclude up to \$3,000 from their gross income for the payment of qualified health insurance premiums from their governmental retirement plan distributions. H.R. 957 would increase the maximum excludable amount to \$6,000.

ANALYSIS

Existing Law

The Pension Protection Act of 2006 (PPA, Public Law No. 109-280) provides that eligible retired public safety officers may exclude up to \$3,000 per year from gross income for health and long-term care premiums deducted from taxable governmental retirement plan distributions.

Previously, the PPA required that premiums be paid directly to insurance carriers by a governmental plan. However, in 2022 the SECURE 2.0 Act (Public Law No. 117-328) repealed the direct payment requirement of plan premiums.

The PPA defines a “Public Safety Officer” (PSO) as “an individual serving a public agency in an official capacity, with or without compensation, as a law enforcement officer, as a firefighter, as a chaplain, or as a member of a rescue squad or ambulance crew.” Eligible retired PSO’s are those PSO members who retired for disability or who retired for service after attaining normal retirement age.

This Bill

H.R. 957 would increase the maximum amount excludable from gross income from \$3,000 to \$6,000 per year.

Operations Background

At the beginning of each year, LACERA mails an informational packet to retired members who are public safety officers to inform them of the tax exclusion benefit. If the members believe they meet the requirements for the benefit, they may make an election on a LACERA-provided affidavit, and LACERA will exclude an amount equal to the premiums paid from the reporting of their gross income up to a maximum of \$3,000 per year.

Now that the direct payment requirement has been repealed, retired public safety officers may also exclude premiums paid for qualified health care premiums that are not deducted from their retirement allowance. The repeal of this requirement and the increase of the maximum excludable amount to \$6,000 per year may provide a larger tax exclusion for some members.

IT IS THEREFORE RECOMMENDED THAT THE COMMITTEE recommend that the Board of Retirement adopt a “Watch” position on H.R. 957, which would enact the “Public Safety Retirees Healthcare Protection Act of 2023.”

BOARD POSITIONS ADOPTED ON RELATED LEGISLATION

H.R. 6436 (2020, held in committee) would have eliminated the requirement that in order for plan distributions to be excludible from gross income, payment of qualified healthcare premiums must be made directly to plan providers from the retired member's retirement allowance. The Board of Retirement adopted a "Support" position. This repeal of the direct payment requirement was later included in the enactment of H.R. 2617 (2022, P.L. 117-328).

**INSURANCE, BENEFITS & LEGISLATIVE COMMITTEE
ENGAGEMENT REPORT
NOVEMBER 2023
FOR INFORMATION ONLY**

Bringing Back Corporate Pension Plans

Forty years ago, 88% of Americans who had retirement coverage were covered by a defined benefit plan. By 2019, it was down to 28%. Although DB plans are common for public sector employees, only 11% of private sector employees have a DB plan. Most private sector employees are in a 401(k) plan where they assume the risks of their portfolio. According to the Federal Reserve's Survey of Consumer Finances, the median value of a retirement account for people aged 55 to 64 was \$185,000 as of 2022. Social Security, another component of retirement security, is set to be depleted in about 10 years.

In 2000, the top 100 U.S. corporate pensions had assets at 123% of liabilities. That dropped to 82% after the dot-com bust, went to full funding in 2007, and then dropped to 77% in 2012. Consequently, many plan sponsors froze their plans from adding new benefits.

Last year, the top 100 corporate plans returned to funded status of 103%. With strong market returns but particularly with a surge in interest rates, the pensions' future liabilities are cheaper when discounted to a present value. Milliman projects a \$60 billion surplus (105% funded ratio) in its index of the top 100 corporate plans if the current discount rate is maintained. Along with changes in minimum funding requirements from the American Rescue Plan Act and Infrastructure Investment and Jobs Act, corporate sponsors may be incentivized to consider reopening their pension plans in light of retention challenges and cost-effective delivery of benefits. ([Source](#))

IBM's "New" Cash-Balance Plan

In the 1990s, IBM changed its pension plan to a hybrid cash-balance pension plan. About 15 years ago, IBM froze its cash-balance plan and shifted to a 401(k) plan. It has now shifted back to providing the cash-balance plan in recognizing that its 401(k) plan is not providing sufficient retirement security. The 5% match that is currently provided under the 401(k) plan will instead be directed to its cash-balance plan, which will be reopened to regular employees. As of last year, the plan had \$25.1 billion in assets and was 116.8% funded with a surplus of \$3.6 billion.

The funds in the cash-balance plan will earn 6% per year through 2026 and then earn the 10-year Treasury yield with a 3% per year minimum through 2033. Participants are fully vested in the cash balance plan and can take benefits as a lump sum, an annuity, or as a rollover into another qualified plan. At the same time, employees can continue participating in IBM's 401(k) plan. ([Source](#)) ([Source](#))

CalSavers Sees Increases in Registered Employers and Participants

CalSavers is California's state-run retirement savings program, which is among 19 state programs and 2 city programs. As of September 2023, the program had \$613.7 million in assets. Oregon and Illinois were also established in 2018 and hold \$215.5 million and \$133.7 million, respectively. Other programs include Colorado, Connecticut, Maryland, and Massachusetts. California's assets exceed all other state plans combined.

As of September, the number of employers registered with the program is 119,045, and funded participant accounts reached 455,255. In 2022, the California Legislature passed a law mandating all employers with at least one employee to register with CalSavers if they do not offer a retirement plan. [\(Source\)](#) [\(Source\)](#)

COLA Increases

Texas

Texas voters recently approved a constitutional amendment that would provide COLA benefit enhancements for retired teachers, of which 70% have not seen a COLA for almost 20 years. Voters overwhelmingly approved the measure with 83% voting yes.

It provides COLA increases of 2%, 4%, or 6%, depending on retirement date. It will also provide one-time stipend payments of \$7,500 for retirees aged 75 or older and \$2,400 for retirees aged 70 to 74. [\(Source\)](#)

Pennsylvania

In Pennsylvania, about 69,000 retired state and school employees have not seen an increase in their pension for 21 years. Some retirees are in their 80s and 90s and receive less than \$20,000 per year in benefits while facing double-digit increases in the cost of food, medicine, and housing.

Two bills in the Pennsylvania House of Representatives are being considered. One would provide a 10% to 20% increase, whereas another provides a 15% to 24.5% increase. The average age of a retiree who would benefit from these increases is 81. The bills would boost monthly income by \$157 or \$220, respectively. The bills would apply to those who retired before July 2001. [\(Source\)](#)

Kentucky

A Kentucky retiree organization is advocating for COLA adjustments for retirees under the Kentucky Public Pension Authority (KPPA), which oversees three Kentucky retirement systems that cover county, state, and state police employees. A COLA was last granted 12 years ago.

The average benefit across all plans was \$18,583 in FY22. Two-thirds of KPPA retirees receive less than \$20,000 per year. The retiree organization proposes a "13th check" option that provides another month of a retiree's current monthly benefit rather than a monthly percentage increase. [\(Source\)](#) [\(Source\)](#)

IRS Benefit Limits for 2024

The Internal Revenue Services recently announced the 2024 limits for benefit plans. There are two limits that are important for LACERA's pension plan. The 415(b) benefit limit has increased from \$265,000 to \$275,000. LACERA members whose benefits exceed this limit receive those amounts in the Los Angeles County Replacement Benefit Plan. The annual compensation limit increased from \$330,000 to \$345,000 and applies to members whose membership begins on or after July 1, 1996. Members who begin membership before this date are not subject to a compensation limit.

Although PEPRA members are technically subject to the federal compensation limit, in practice they are subject to a lower limit provided in PEPRA. For calendar year 2024, the limit is \$151,446 for those who participate in Social Security, and \$181,734 for those who do not participate in Social Security. [\(Source\)](#) [\(Source\)](#)

 High Cost Claimants (Anthem, Cigna, & Kaiser)
 Coverage Month Ending October 2023

Stop-Loss & Pooling Points Overview:

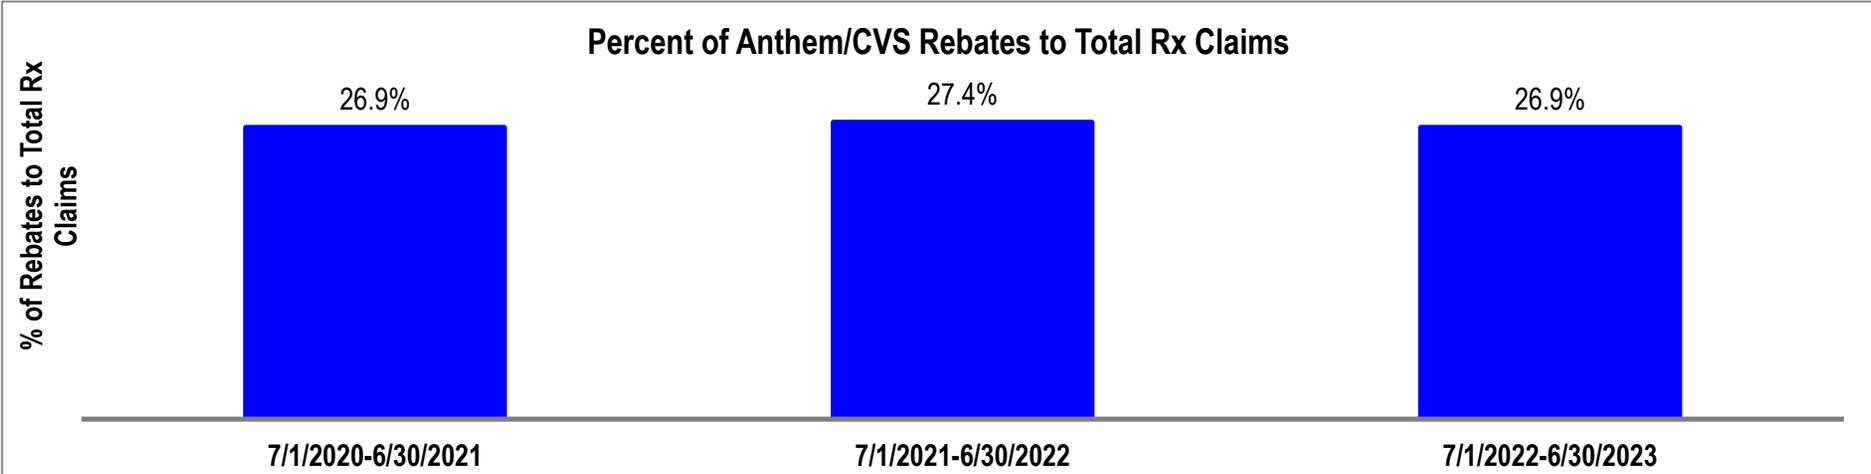

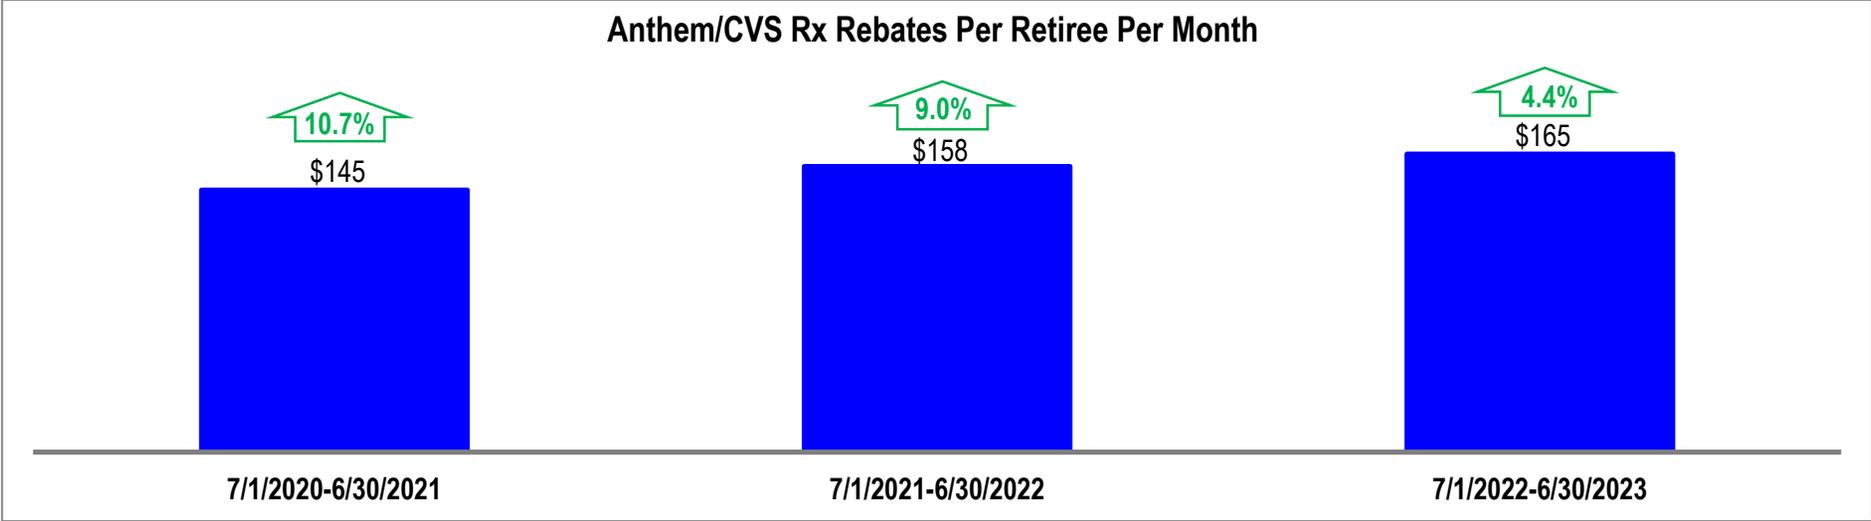

Plan sponsors mitigate the financial risk associated with individual large claimants through reinsurance. Claims exceeding the specified individual pooling threshold are deducted from the carrier's renewal calculation. The pooling credit is offset by the carrier's pooling expense, which is applied to all policyholders.

Anthem and Cigna figures are based on the most recent Claims Experience through Coverage Month. Kaiser's figures are based on Claims Experience period between August through July.

Pooling Points by Carrier:

1. Anthem's pooling points are \$350,000 for Plans I & II, and \$300,000 for Prudent Buyer.
2. Cigna's pooling point is \$100,000.
3. Kaiser's pooling point is \$525,000.

Prescription Drug Rebates (Anthem)
Coverage Month Ending October 2023

Rebates Overview:

Pharmacy Benefit Managers negotiate volume-based rebates with drug manufacturers of brand medications. Manufacturer rebates are passed on to plan sponsors and are used to offset pharmaceutical claims expenses.

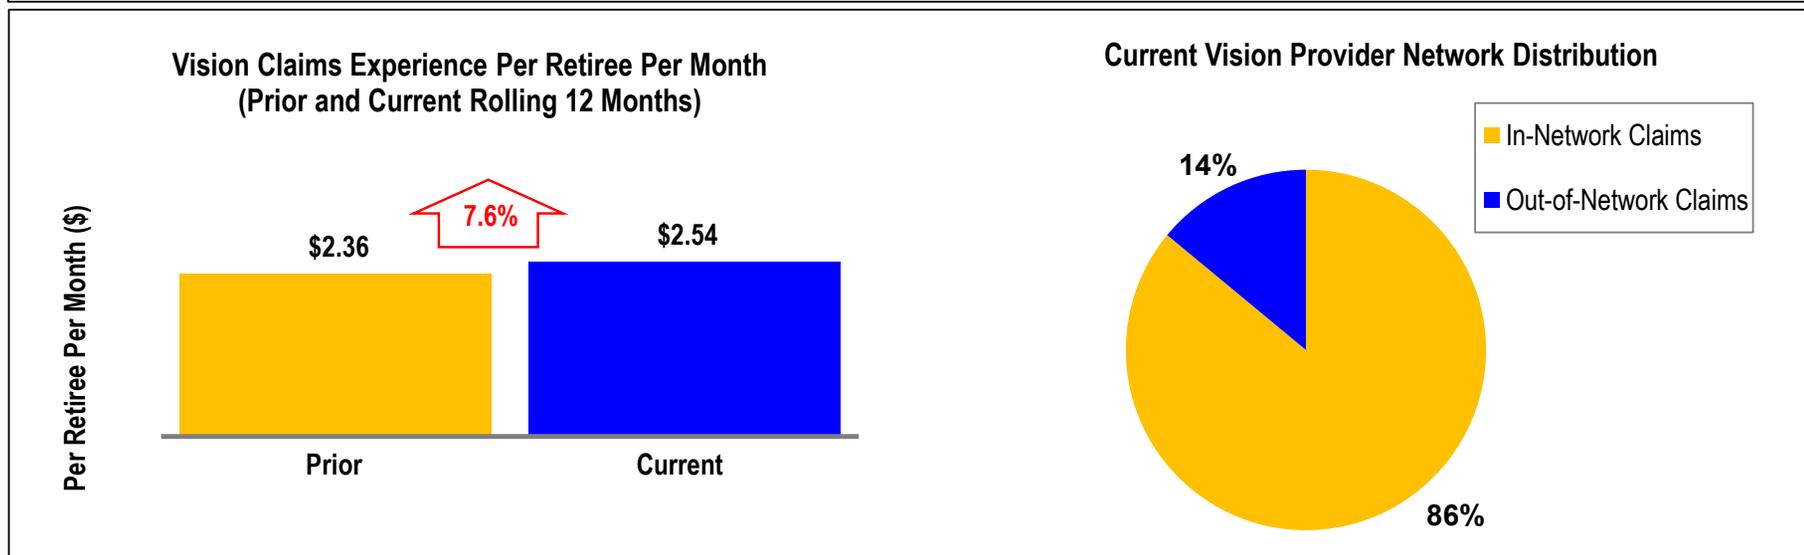

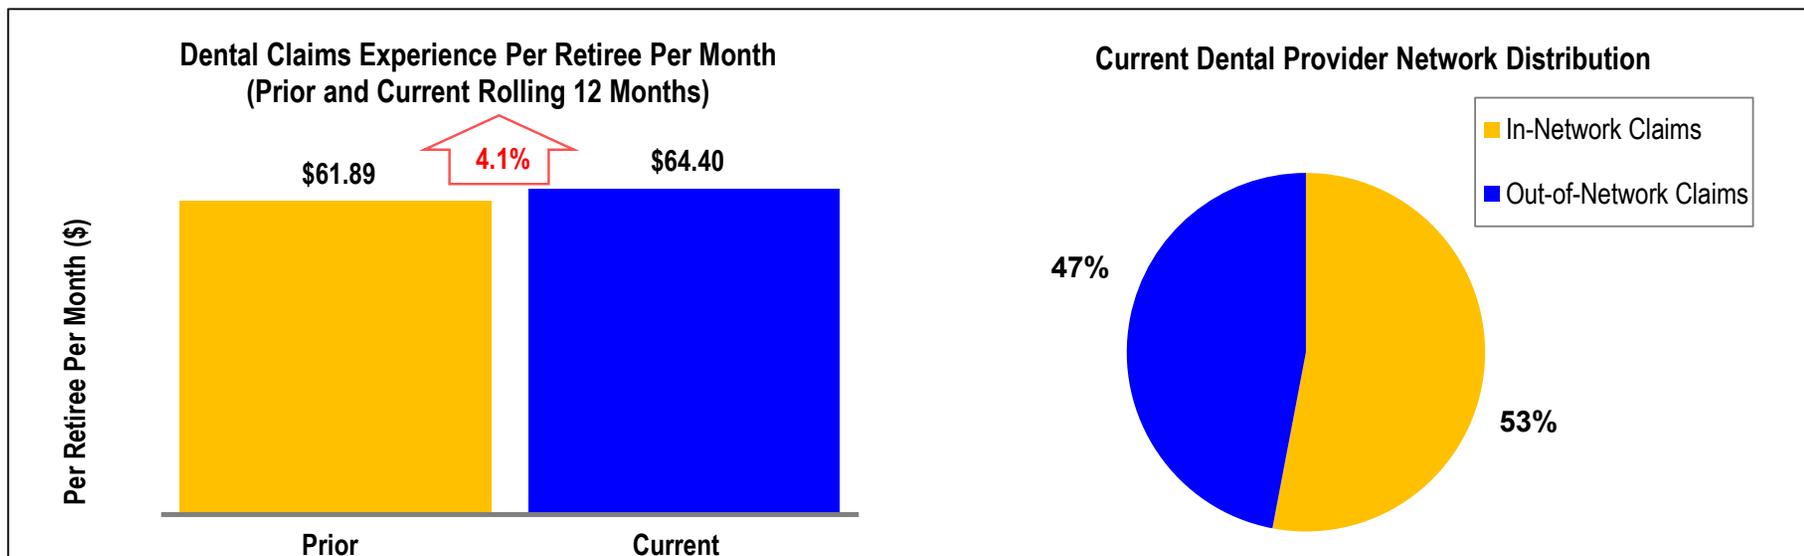

Note:

- 1. Prescription Claims and Rebates Data were provided by CVS.
- 2. Anthem Prudent Buyer prescription drugs are provided by CarelonRx and are not included in the charts above.
